TO ASSEMBLE:

1. This Item has two feet which need to be attached using the hardware and tools provided.
- 2 Lay out all the components and identify the various parts of the coffee table, including two table bases and the marble top.
- 3 Place the marble top upside down on a soft surface to protect it. Align the two legs with the holes on the underside of the marble top.
- 4 Use the spanner to tighten the nuts, securing the marble top in place. Let's carefully flip the coffee table right side up so that its legs are back on the floor.
- 5 Insert a wooden cap screw through each of the pre-drilled holes in the marble top into the corresponding holes in the legs. Make sure the legs are firmly attached to the marble top, but avoid overtightening, which may damage the marble.
- 6 Clean the marble top with a soft, damp cloth to remove any fingerprints or smudges.
7. Tighten the screws completely to finish the assembly.

CARE INSTRUCTIONS:
