

ARTERIOS

HELOISE PENDANT

49749
Bronze, Steel

The Heloise creates architectural interest by finding a balance between modern and traditional elements. A classic conical white linen shade is suspended within a bronze steel frame to contemporize the look. When in use, the iron detail on the bottom of the shade plays on its architectonic appeal by creating an interesting lightscape. We envision this hung in multiples over a kitchen island or breakfast nook table. Additional pipe available (PIPE-447). Certified for damp locations and intended for interior use.

APPEARANCE
