## DANI SIDE TABLE

5604  
Ebony, Walnut Wood

A contemporary design constructed with natural materials the Dani finds balance in style and function. Walnut in an ebony finish is crafted in an angular fashion inspired by the many facets of emerald cut stones. The open form plays on the symmetry of its geometric arrangement creating a striking visual aesthetic that is sure to catch one's eye. This three-shelf structure is the perfect platform for curated collections of objets d'art.
