DPI15 ESTRIBO PENDANT ARTERIOS

DPI15
Clear, Glass

Drawing inspiration from the sculptural geometry of an equestrian horse bit, the Estribo Pendant reinterprets classic bridle hardware through a refined, architectural lens. Crafted in antique brass, its interlocking curves and balanced proportions echo the strength and precision of traditional tack while transforming the form into a statement of modern elegance. The warm, hand-finished metal highlights the rhythmic interplay of line and negative space, creating a sophisticated focal point that feels both heritage-driven and distinctly
