

ARTERIOS

BAJA LINEAR CHANDELIER

DRS02
Natural, Coconut

A natural take on a classic design, the Baja defines beauty and balance in organic materials. The layered, three-point construction is crafted from wood and coconut beads—both in a natural wood finish—that are strung along an antique brass steel frame, showcasing a mélange of moody hues. Coconut shell talons finished in a matching natural wash hang from the wooden bead strands and offer extra opacity to its airy aesthetic. Size scaled for illuminating a long dining table. Finish will vary.
