Burnt Iron

H: 24 IN

W: 35.5 IN

D: 4.5 IN

This iron wall art is made up of over 100 discs, each hand-burnt to create unique colorations, then welded together in a layered, freeform composition. Whether it's displayed horizontally or vertically, the result will be a one-of-a-kind play of light and shadow. The inspiration may be mid-century, yet this wall decor adds dimension and texture to any room.
