

LANSING DESK LAMP

42039
 Vintage Brass, Brass
 H: 19 IN
 W: 16 IN
 D: 5 IN

The iconic style of the classic library lamp is beautifully translated in the design of the Lansing. The elongated vintage brass metal shade is perched atop a bronze finished aluminum post, with a white marble base for a dramatic transition of tones and textures. A juxtaposition of materials and shapes is revealed through the linear shade, circular base, and the reeding details found on the finial and body. This lamp features two sockets for increased surface illumination. Finish will vary.
