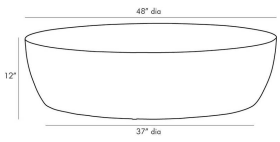
JACOB LARGE COFFEE TABLE

4735
Washed Tobacco
H: 12 IN
Dia: 48.0 IN



The Jacob large coffee table is just as ravishing and rustic as its smaller predecessor. Narrow wood slats wrap upwards from the sides of this gently curved drum shaped table. The entire table is finished in a tobacco wash finish that accentuates the natural grain of its solid wood composition. Style alongside the Jacob end table (4736) and the smaller Jacob coffee table (4303) for a cohesive look. Finish will vary.
