

DUNCAN TALL HURRICANE

4783

Smoke Luster

H: 16.5 IN

Dia: 8 IN

The Duncan steers you into the direction of distinguished design and timeless style. Smoke luster glass is accompanied by ore leather with intricate stitchwork inspired by vintage steering wheels in cars that once ruled the roads. This versatile hurricane is watertight allowing it to function as a vase or candleholder. Great for adding a slightly masculine touch to a space. Finish and leather may vary.
