

JILLIAN TABLE LAMP

49227-152
 White, Glass Stone
 H: 32 IN
 Dia: 18.0 IN

Sculptural art in functional form. The Jillian showcases an undulating formation of asymmetrical discs crafted of white glass stone. Large, chunky glass fragments peek through the surface delivering texture and shimmer, especially when caught by an illuminated glow. Topped with an ivory microfiber shade with an ivory cotton lining and a matching glass stone finial. Complete with a taupe cloth cord. Finish will vary.
