

HELOISE PENDANT

Finding a balance between modern and traditional elements, the Heloise creates architectural interest. A classic conical white linen shade is suspended within an antique brass steel frame to contemporize the look. When in use, the iron detail on the bottom of the shade plays on its architectonic appeal by creating an interesting lightscape. We see this hung in multiples over a kitchen island or breakfast nook table. Additional pipe available (PIPE-422). Certified for damp locations and intended for interior use.
