

CHELSEA CENTERPIECE

5555

White

H: 7 IN

W: 18 IN

D: 10 IN

Concrete is molded and finished in a stark white to create the tabletop structure which features a profound bowl-like top that rests upon a slightly tapered boat-like base. Its versatile design allows this piece to complement both traditional and modern decor—it also doubles as an outdoor planter. Pair with the Cayden Centerpiece (5556) for an even more pronounced table arrangement.
