

DUGAN FLOOR SCULPTURE

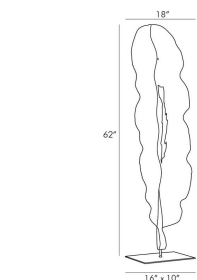

5577

Natural

H: 62 IN

W: 18 IN

D: 10 IN

Artisans skillfully carve natural teak root by hand to create the wildly organic floor sculpture inspired by palm leaves known as the Dugan. Large in scale this sculptural structure commands the space it occupies. Each one-of-a-kind piece is showcased on a black iron base and shows like a work of art. Size and shape may vary.
