

HERBIE ACCENT TABLE

5640  
 Jade  
 H: 22 IN

A jade faux-marble finish instantly transforms the lightweight concrete construction of this accent table into a functional work of art. Light to green hues span the surface, gathering and dispersing alongside the simulated veining to create a look that will leave you transfixed. Its structural foundation anchors a room and provides the perfect platform for a tray of savories. Finish will vary.
