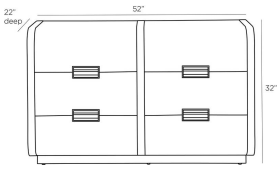
MADISON CHEST

5693
Beige
H: 32 IN
W: 52 IN
D: 22 IN



The Madison brings a contemporary twist to a classic modern design. The beige seagrass cloth construction is met with a matching beige oak veneer and large bronze-finished brass hardware — a beautiful blend of tones and textures. The top of the chest is curved to follow the arched silhouette down to the drawers and further enhances its modern aesthetic. Wood and finish will vary.
