

LEIGHTON LINEAR CHANDELIER

Inspired by the majestic beauty of Multnomah Falls, the Leighton provides a dramatic sense of movement through each unique cascading element. Individual panels of clear seedy glass suspend from a large oblong-shaped antique brass iron frame. The panels vary in size and are suspended at alternating heights, offering a lustrous glimmer and create a unique lightscape. Finish will vary. Additional pipe available (PIPE-457). Certified for damp locations and intended for interior use.
