

## TROON ROUND CHANDELIER

A representation of modern sophistication, this multi-light electrolier defines a space. Varying sizes of opal swirl glass globes embellish a sleek and slender circular steel frame that emphasizes the slightly whimsical design. Small, clear crystal knobs contrast beautifully with an antique brass finish and the visual textures of a swirl finish. Additional pipe available (PIPE-422). Finish will vary. Damp rated, though limited covered outdoor conditions may affect finish. Certified for damp locations and intended for interior use.
