

FINCH CHANDELIER

89560

Natural Stained
Wood, Natural Iron

H: 45 IN

Dia: 43.0 IN

An eight-light chandelier with natural wood branches growing out from an iron center. This organic version of the starburst motif will cast beautiful shadows in whatever room you put it. Wood finish will vary. Additional chain available (CHN-128). Due to the organic nature of the wood used to create this piece, each piece will vary in size and shape. The wooden sticks will eventually crack and is an inherent feature of solid wood of this proportion.
