

ROLL TRAYS, SET OF 3

DA1001  
Matte Black and  
Matte White

Inspired by the act of hand-building and rolling clay, the ethereal, organic Roll trays are both decorative and functional. Each tray in the set of three is uniquely shaped but married by the same design language, allowing them to be paired as a dynamic centerpiece or used separately to hold snacks and hors d'oeuvres, jewelry and trinkets and more. Thanks to a hand-shaped aesthetic and subtle matte black and white finish, the porcelain trays also stand alone as decorative forms.
