

WADE FLUSH MOUNT

DFC01
 Oxblood
 H: 11 IN
 Dia: 8.5 IN

Created in a rich oxblood steel shade, the Wade flush mount adds a striking layer of rich, matte color into an interior. The shade is designed in a classic bowl shape, which is topped with an antique brass steel accent. A matching oxblood canopy secures the light to the ceiling. The fixture is outfitted with a steel antique brass finished rod, to offer usage as a pendant, as well. Certified for damp locations and intended for interior use.
