

MAHOWALD FIXED CHANDELIER

DLC53

H: 31.5 IN

W: 70 IN

D: 60 IN

Composed of chrome steel pipe joints that extend into nebulous, branch-like forms; the Mahowald Fixed Chandelier reads as a suspended sculpture in motion. Sixteen crackled glass globes punctuate the structure; their textured surfaces diffusing light with a subtle shimmer. Hung from four slender cables, this modern chandelier appears to float overhead, casting a luminous glow that makes a bold architectural statement in contemporary spaces.
