

LORYN CHANDELIER

DLC55

H: 30 IN

Dia: 52 IN

Radiating outward in a tiered, extended formation, the Loryn Chandelier evokes the rhythm of a modern constellation. Cylindrical chattered antique brass iron shades encase soft white alabaster, creating a warm, diffused glow that balances structure with subtle luminosity. The sculptural, multi-level design adds depth and movement overhead, making a striking statement in living spaces or dining rooms.
