

NOBLE MULTI-DROP CHANDELIER

DLC58

H: 50 IN

W: 82 IN

D: 7 IN

The Noble Multi-Drop Chandelier features six extraordinary drops, each sculpted from crystal into an optical globe. Accented with sleek antique brass bands, the globes feature carved, frosted centers that conceal the light sources to produce a soft, filtered glow across your space. While the crystal positions are fixed and cord lengths are not adjustable, the ceiling mounts can be repositioned to customize the fixture's overall width and height.
