

JACQUELINE CHANDELIER

DMC33  
 Antique Brass, Amber  
 Seedy Glass  
 H: 27 IN  
 Dia: 32.0 IN

Round amber seedy glass drops are suspended in a cascading wind chime-inspired silhouette from an armature of antique brass-plated steel. Inspired by a handbag, each glass shape is supported by a delicate, yet sturdy chain threaded through its "handle," allowing the drops to refract the light for a dazzling effect. Certified for damp locations and intended for interior use. Finish will vary.
