

KLAUS CHANDELIER

DMC34
 Antique Brass, Clear
 Seedy Slump Glass
 H: 17.5 IN
 Dia: 25.5 IN

Clear seedy slump glass panels are fastened to an antique brass-plated iron frame, creating a drum-shaped shade. This glimmering style is refreshed with a neutral tone, as the soft sheen from the light further enhances the moody quality and spotlights its radial composition. The antique brass chattered iron detail and undulating shape of the panels work in tandem, delivering visual texture. Certified for damp locations and intended for interior use. Finish will vary.
