

TRAI PENDANT

DMS06
Black Rattan
H: 35.5 IN
Dia: 30.5 IN

Our Trai pendant is crafted in a tangle of black rattan strips, reminiscent of a ball of yarn. The oversized, texture-rich globe dangles from a steel pipe finished antique brass. Light peers through the pendant's open weave, casting dramatic patterns of light and shadow. Finish will vary. Certified for damp locations and intended for interior use.
