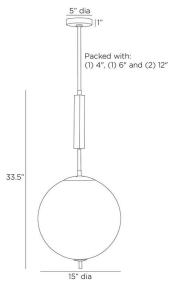
FLAGSTAFF PENDANT

DPC17
Frost Ombre
H: 38 IN
Dia: 15.0 IN



We created this architecturally inspired lamp with a subtle nod to 1970's-style modernism. A large-scale orb shade of our new frost ombre glass is balanced between English bronze-plated steel hardware, while a faceted wood cuff detail draws the eye upward. Stellar on its own, it is even more impactful when installed in multiples. Certified for damp locations and intended for interior use. Finish will vary.
