The Javier Multi-Port Chandelier brings a visually dynamic presence to any interior with its configuration of three drops. Each bullet-shaped champagne crystal shade is elegantly suspended by a cloth cord, culminating at an antique brass iron canopy. Crafted from thick, richly reflective crystal, each shade captures and refracts light with striking depth and dimension. For added versatility, the height of each piece is adjustable at the canopy by the cord, allowing you to customize the dramatic interplay of light to fit your space perfectly.
