

RAINE CHANDELIER

DSC05
Clear Seedy
H: 45 IN
Dia: 21.0 IN

Our Raine chandelier was inspired by vintage Murano glass lighting popular in the '60s and '70s. Its teardrop silhouette is embellished with rounded layers of lustrous clear seedy slump glass, in staggered sizes folded over a tiered steel frame. Finished in antique brass, the result is a dramatic and textural waterfall effect. Glass can be removed to provide additional illumination if desired. Finish will vary.
