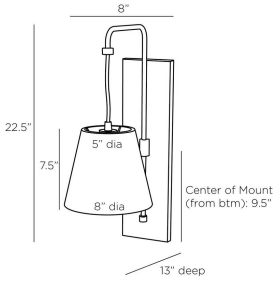
BENIN WALL SCONCE

DWC20
English Bronze
H: 22.5 IN
W: 8 IN
D: 13 IN



A modern interpretation of a hanging gas lamp, the Benin brings Colonial design into a modern era. An elegant drop arm of English bronze iron suspended from a backplate of oyster-finished catalpa wood sets the stage for a drum-shaped iron shade finished in English bronze, suspended from a mauve cloth cord. Certified for damp locations and intended for interior use. Finish will vary.
