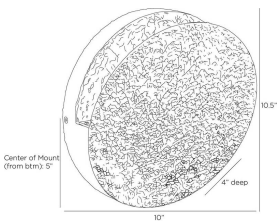
CHANCE OUTDOOR WALL SCONCE

DWC42
Aged Iron
H: 10.5 IN
W: 10 IN
D: 4 IN



The perfect punctuation mark against a natural or dark wall, a circular sconce is a textural delight. Forged of aged iron, the off-black metallic finish has a paint-like daubed finish. Bisected by an opal glass sliver, this minimalist style is not suitable for use in coastal or marine environments. Finish will vary.
