

LONDON SCONCE

DWC90
 White
 H: 20 IN
 W: 5.5 IN
 D: 4 IN

Simple in design yet sophisticated in application, our white onyx cylinder sconce can be hung both horizontally and vertically to maximize the long, rounded form and center peak. Inspired by an outdoor sculpture discovered in Mexico City, this style is suspended on a backplate of antique brass-plated steel. Certified for damp locations and intended for interior use. Finish will vary.
