

EUROPA COFFEE TABLE

FCI33

H: 17 IN

W: 56 IN

D: 32 IN

The Europa Coffee Table is a sculptural study in balance, designed to celebrate the raw beauty of natural travertine. The thick slab is held in place by a bold, black-finished frame that wraps over the edges, creating a striking visual tension. The minimalist base provides a sturdy foundation, allowing the unique textures of the stone to remain the focal point of this statement piece.
