

DELRIO OUTDOOR DINING TABLE

FDS12
 Honey
 H: 30 IN
 W: 96 IN
 D: 38.5 IN

Substantially built from engineered marine grade hardwood with a grade A solid teak veneer stained in a rich honey hue. The Delrio outdoor dining table offers the perfect synthesis between Japanese and Southwestern style. A tapered base adds an extra lift to the cantilevered top. Hand-applied synthetic rope in a matching honey finish on each angled leg showcases the true craftsmanship of this design. Finish will vary.
