

MERAMEC OUTDOOR END TABLE

FES17

H: 16.5 IN

W: 25 IN

D: 18.5 IN

The Meramec Outdoor End Table brings organic artistry to exterior spaces with a live-edge form shaped and textured entirely by hand before casting. Made from durable light tuscan concrete composite, it offers a natural, stone-like presence perfect for outdoor living. Use it individually or nest it with the coordinating coffee table to create a large, layered center table arrangement. A functional accent with an earthy, refined sensibility.
