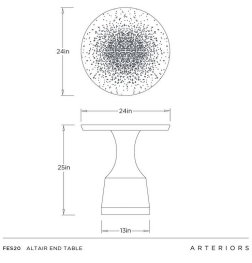
ALTAIR END TABLE

FES20

H: 25 IN
Dia: 24 IN



The Altair End Table is a cosmic-inspired piece that draws from the beauty of celestial bodies and constellations. Its sleek, tapered pedestal base is finished in a deep black lacquer, serving as a dramatic backdrop for the intricate faux eggshell detailing on the tabletop. This specialized finish creates a shimmering effect reminiscent of a star-filled sky, making it a brilliant focal point for modern living spaces.
