

WESLEY BENCH

FHI01
Natural Linen
H: 20 IN
W: 64 IN
D: 18 IN

Creativity and minimalism inform the design of our Wesley bench. The piece is crafted in blonde oak, with four cylinder legs that intersect with curved arms that form a frame for an upholstered, natural linen cushion. The strong, segmented shapes call attention to its blocked, architectural construction, while giving the illusion that the cushion is floating. Finish will vary.
