

WARLEY CONSOLE

FLI04
 Russet
 H: 32.5 IN
 W: 55 IN
 D: 16 IN

The Warley offers proof that incorporating a stylish edge doesn't have to mean right angles. Designed with a smart mix of contrasting finishes and materials, the curved console is constructed in a capsule shape with two smoke oak shelves that suspend inside arched, russet leather-wrapped bases. Antique brass is used as banding around each shelf and again as cylindrical embellishments on each stitched, leather end capsule. Finish will vary.
