A statement piece by any definition, the craftsmanship of our Trescott cabinet begs a closer look. Employing traditional marquetry techniques, the centerpiece is clad in affogato oak veneer with hand-finished, hand-applied ebony oak veneer strips that create contrasting, fractal patterning. Dimensional, folded bronze iron hardware decorates the piece. Inside, the cabinet is finished with clear glass shelves and features an LED light and an on-off switch, making it useful as a bar or display piece. Finish will vary.
