

MELT OUTDOOR CONSOLE

GAFLS01

Smoke

H: 30 IN

W: 53 IN

D: 15 IN

The Melt outdoor console's simple planar top, gently curved on the underside where it meets each of its supporting pillars - appear to be caught mid-transformation. The smoke concrete composite is streamlined, flat top, carved beneath as if it were touched by heat and caught mid-melt, has a flowing, draping quality that feels fresh and modern in its contrasts. Finish will vary.
