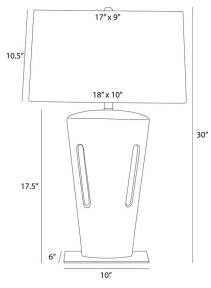
ICELAND TABLE LAMP

PTS20-517
Shoreline Reactive
Porcelain
H: 30 IN
W: 18 IN
D: 10 IN



The angular form of our porcelain style offers an intriguing mix of positive and negative space, with a cross-hatched texture that emphasizes its craft. Cutout slots provide added interest, while the shoreline reactive glaze offers a gradient finish that shifts from deepest black to pure ivory. Finished with bronze steel base, an off-white microfiber rectangular drum shade lined in off-white cotton and an antique brass sphere finial. Finish will vary.
