

## GENEVA MIRROR

WM1102

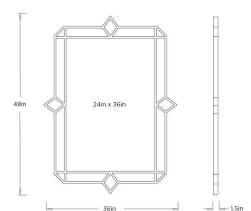

H: 48 IN

W: 36 IN

D: 1.5 IN

The Geneva Mirror features a frame that showcases the raw beauty of natural pyrite. The design is defined by a distinct point on each side, mimicking a fine jewelry mount to highlight the stone's shimmering metallic luster. This striking composition offers a jewel-like focal point that brings a sense of curated luxury to any interior.
