

HARDAWAY MIRROR

WMI67  
 Antique Brass  
 H: 47 IN  
 W: 26 IN  
 D: 1.5 IN

The Hardaway's rounded corners and glitch details span the decades, referencing both antique jewelry and space-age design. Cast of aluminum and plated with antique brass, it is finished with subtle pitting in the metal to highlight the authenticity of the materials. Scaled for a powder room, it can be hung both vertically and horizontally. Secured at the back with a cleat attachment.
