

NORWAY MIRROR

WMI89
Burnt Iron
H: 59 IN
W: 42 IN
D: 3 IN

The spiked surface of a cactus informed the three-dimensional details of our oval mirror. Accented with antique brass welds to highlight the textural shape of the burnt iron frame, this unique piece showcases the artisanal craftsmanship behind its design. Made for a larger room, it can be hung horizontally or vertically. Designed with a back cleat for secure display. Hanging hardware included. Finish will vary.
