

MERCER MIRROR

WMI90  
 Burnt Iron  
 H: 40.5 IN  
 W: 30.5 IN  
 D: 2 IN

The traditional soft shield style is updated with a frame of burnt iron to add depth and variation of color to its simple silhouette. The depth of the frame's contoured edge lends a floating effect to the mirror, drawing interest wherever it is placed. It is secured at the back with a cleat. Hanging hardware included. Finish will vary.
